15mm shoulder support

A shoulder support that attaches directly to the end of standard 15mm lightweight rails. This shoulder support features a thick rubber pad which lets even a heavy camera setup rest comfortably on a shoulder. It can be adjusted in angle to accommodate different body types and features attachment points on the back for accessories or counter weights. This shoulder support includes 350mm long rails, which is sufficient to mount the shoulder support in most setups.

#0370-0001

15mm offset bracket high

Specially made for use with the Vocas 15mm shoulder support for a good view on the cameras lcd screen.

This offset bracket moves the shoulder support more to the side and raises the height of the of the camera so the eye piece is placed in front of the eye of the camera man.

This item comes with two pieces of 15mm rails of 143mm in length, to allow the shoulder support to move more towards or away from the camera.

#0350-0025

Battery adapter plate

For attaching different brands V-lock battery mount plates directly on the back of the Vocas 15mm shoulder support #0370-0001 (instead of the counterweights).

#0370-0100

Shoulder support counterweight

Specifically made for use with the Vocas 15mm shoulder support (#0370-0001). This counter weight system consists of an attachment plate, which is mounted directly to the back of the shoulder support, and stackable 1kg stainless steel weights.
